How Do You Want To Be Seen?

Beauty Portraits

Be seen as those who love you most see you

Be seen as beautifully powerful

Showing Every Woman Her Beauty

*Mothers &
Daughters*

Sisters

Be seen as soft

As strong

Where do you want to be seen?

With whom do you want to be seen?

*Wherever it is, with whomever you choose,
however you'd like...*

Be Seen.

What do I wear?

One of the first questions clients ask.

It comes back to...How Do You Want To Be Seen? If you are honing your personal branding bring along clothes that reflect who you are in your business. Notice I didn't say they reflect your business, but who you are in it. It's still about how you are seen.

If you want the experience to be one of beauty and expression then let it be. Bring that dress you wish you could wear more often. Or maybe your husband's dress shirt and tie.

And if you have nothing to wear, don't worry. I'll create a 'gown' on site with yards of fabric and pins.

The important thing is to give it thought. The more thought you put into your shoot the more you'll love your experience.
